

September 10, 2018

To the Board of Elders
Christ Fellowship

We have audited the financial statements of Christ Fellowship (the “Church”) for the year ended June 30, 2018 and have issued our report thereon dated September 10, 2018. Professional standards require that we communicate to you the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated June 11, 2018, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Church are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during fiscal year 2018. We noted no transactions entered into by the Church during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management’s estimates of the depreciable lives related to property and equipment are based on management’s experience and judgment. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to the financial statement users. There were no disclosures included in the financial statements that were considered to be sensitive in nature and the financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has agreed to correct all such misstatements. We proposed the following adjusting journal entries detailed below during the course of our audit.

- * Capitalize \$10,354,879 in current year fixed asset additions.
 - * Record \$469,458 in depreciation expense for the current year.
 - * Record disposal of property and equipment with original cost of \$350,718 during the year.
 - * Accrue \$105,760 in payroll expense as of year-end.
 - * Record \$455,019 in accrued expenses as of year-end.
 - * Journal entry totaling \$1,565,412 to record journal entries from the prior year audit not recorded in the current year.
- * These adjustments were made by us to properly convert the Church's financial statements from budgetary cash basis to accrual basis in order to be in compliance with accounting principles generally accepted in the United States of America.

Internal Control Related Matters

In planning and performing our audit of the financial statements of the Church as of and for the year ended June 30, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered the Church's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Church's internal control. Accordingly, we do not express an opinion on the effectiveness of the Church's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses, and, therefore, significant deficiencies or material weaknesses may exist that were not identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Church's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 10, 2018.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Church’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Church’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Elders and management of Christ Fellowship and is not intended to be, and should not be, used by anyone other than these specified parties.

Respectfully submitted,

PSK LLP

INDEPENDENT AUDITORS' REPORT

To the Board of Elders
Christ Fellowship
McKinney, Texas

We have audited the accompanying financial statements of Christ Fellowship (the "Church"), which comprise the statements of financial position as of June 30, 2018 and 2017, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Church's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Church's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Christ Fellowship as of June 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

CHRIST FELLOWSHIP
Notes to Financial Statements

1 - Historical Background

Christ Fellowship (the “Church”) was established in March of 1997 in the state of Texas, as a not-for-profit religious organization, under Internal Revenue Code section 501(c)(3), as other than a private foundation. The Church operates in pursuit of its mission to be people helping people find and follow Christ.

2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Church have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the obligation is incurred.

Basis of Presentation - As required by the Not-for-Profit Entities Classification of Net Assets topic of the Financial Accounting Standards Board *Accounting Standards Codification* (“FASB ASC”), the Church reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Revenue Recognition - Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

All donor-restricted contributions are reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Programs - The Church pursues its objectives through the execution of the following major programs:

Care ministries - Pastoral counseling and caring for hurting people, as well as support/recovery ministries at the Church and in the area.

Children - Relationship building, growth, worship, outreach for children, and preschool.

Communications - Print, verbal and information technology media for transmitting information to Church members, guests, the surrounding community and the world.

Connections and ministry involvement - This is our Assimilation Ministry for prospective and existing Church members.

Discipleship and growth - Adult education, Bible studies, stewardship, etc.

Global ministries - Reaching out beyond our area with the love of Jesus Christ, supporting and partnering with missionaries and mission organizations and supporting church plant locations.

Men’s ministry - Relationship building, growth, worship, and outreach for men.

Outreach and community impact ministries - Reaching out to the people in the area with the love of Jesus Christ.

Safety ministry - The Safety ministry exists to help find and follow Christ by ensuring a safe environment for everyone attending the Church so that they may hear the Word of God, worship, and fellowship freely, without distraction.

CHRIST FELLOWSHIP
Notes to Financial Statements

2 - Summary of Significant Accounting Policies (continued)

Programs (continued)

Small groups - The heart of the Church. The place where adults experience biblical community, building relationships and growing to Christian maturity.

Spanish ministry - This is our ministry to the Spanish speaking members of our church family and reaching Spanish speaking people in our community.

Women's ministry - Relationship building, growth, worship, and outreach for women.

Worship - Weekend church services and special events to lead everyone to a worship lifestyle.

Young adults - Relationship building, growth, worship, and outreach for young adults.

Youth - Relationship building, growth, worship, and outreach for middle school and high school students.

Cash and Cash Equivalents - For purposes of reporting cash flows, the Church considers all bank deposits and highly liquid financial instruments with an original maturity of three months or less, which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents. Cash and highly liquid financial instruments restricted for capital needs or other long-term purposes are excluded from this definition.

Property and Equipment - Property and equipment are recorded at cost, if purchased, and fair market value at date of donation, if contributed. Depreciation is calculated using the straight-line method over the estimated useful lives of the respective assets as follows:

Buildings and improvements	5 - 30 years
Furniture, fixtures and equipment	3 - 25 years
Vehicles	5 years

Maintenance, repairs and minor renewals that do not significantly improve or extend the lives of the representative assets are expensed when incurred. Additions, improvements and major renewals in excess of \$5,000 are capitalized.

Functional Allocation of Expenses - The costs of providing the various program services and supporting activities of the Church have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program services and supporting activities.

Use of Estimates - Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Revenues and Support - Revenues and support for the Church are primarily derived from unrestricted contributions from the Church membership.

Donated Services - No amounts have been reflected in the financial statements for donated services. The Church pays for most services requiring specific expertise. A large number of people have contributed significant amounts of time to the activities of the Church without compensation. The financial statements do not reflect the value of those contributed services.

CHRIST FELLOWSHIP
Notes to Financial Statements

2 - Summary of Significant Accounting Policies (continued)

Donated Assets - Donated marketable securities and other noncash donations are recorded as contributions at their estimated fair market values at the date of donation.

Compensated Absences - Employees of the Church, administrative and ministerial, are entitled to paid vacation depending upon length of service and other factors. The Church cannot reasonably estimate the amount of compensation for future absences; accordingly, no liability has been recorded in the accompanying financial statements. The Church's policy is to recognize the cost of compensated absences when paid to employees.

Income Taxes - The Church follows the Income Taxes topic of the FASB ASC which prescribes a comprehensive model for the financial statement recognition, measurement, presentation and disclosure of uncertain tax positions taken or expected to be taken in income tax returns. The Church is not aware of any activities that would jeopardize its tax-exempt status and is not aware of any activities that are subject to tax on unrelated business income. As of June 30, 2018, the Church has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements and does not expect this to change in the next twelve months.

Subsequent Events - Subsequent events have been evaluated through September 10, 2018, which is the date the financial statements were available to be issued.

3 - Property and Equipment

Property and equipment as of June 30, 2018 and 2017 are comprised of the following:

	2018	2017
Land	\$ 835,576	\$ 835,576
Buildings and improvements	24,969,394	11,893,088
Furniture, fixtures and equipment	3,362,019	1,857,706
Vehicles	8,100	8,100
Construction in progress	16,066	4,592,524
	29,191,155	19,186,994
Less: accumulated depreciation	(7,684,388)	(7,505,804)
Net property and equipment	<u>\$ 21,506,767</u>	<u>\$ 11,681,190</u>

Depreciation expense for the years ended June 30, 2018 and 2017 amounted to \$469,458 and \$450,360, respectively.

CHRIST FELLOWSHIP
Notes to Financial Statements

4 - Notes Payable and Line of Credit

In September 2016, the Church refinanced its existing debt with another financial institution. In conjunction with the refinance, the Church paid \$335,200 to terminate an Interest Rate Swap Agreement. The loan allows maximum borrowings of \$15,000,000 to finance the construction and renovation of Church facilities. The promissory note provides for an interest rate of 3.25% through October 2021, 3.50% through July 2024, and regular adjustments thereafter to the Prime Rate as of March 31 each year effective as of July 1. The rate adjustments will be subject to the following collars:

	<u>Floor</u>	<u>Ceiling</u>
7/1/2024 - 6/30/2027	3.50%	4.35%
7/1/2027 - 6/30/2030	3.50%	5.25%
7/1/2030 - 6/30/2033	3.50%	6.00%
7/1/2033 - 10/28/2036	3.50%	6.50%

Payments will be interest only through October 2019 followed by monthly payments of principal and interest to affect a 25-year amortization. All unpaid principal and interest will be due at maturity in October 2036. The loan is collateralized by various assets owned by the Church. The balance outstanding at June 30, 2018 and 2017 was \$11,734,304 and \$2,779,763, respectively.

On or prior to October 1, 2019, the principal balance of the loan shall be reduced to an amount not to exceed \$11,700,000.

The Church has a revolving line of credit agreement for \$150,000. This line of credit has a stated interest rate of the Prime Rate (5.00% at June 30, 2018) with collars of 3.50% and 5.75% and a maturity date of October 2018. There was no balance on this line of credit at June 30, 2018 and 2017.

5 - Board Designated Net Assets

The leadership of the Church has set aside certain unrestricted funds for specific purposes. These funds have not been restricted by the original donors; they are considered board designated.

Board designated net assets as of June 30, 2018 and 2017 are comprised of the following:

	<u>2018</u>	<u>2017</u>
Medical/Dental/Other	\$ 12,419	\$ 8,537

CHRIST FELLOWSHIP
Notes to Financial Statements

6 - Temporarily Restricted Net Assets

The balance of temporarily restricted net assets as of June 30, 2018 relates to certain contributions for which the donor has imposed restrictions. These restrictions require the Church to use such funds for expenses directly related to program, administration and facilities-related activities. During the years ended June 30, 2018 and 2017, temporarily restricted net assets in the amounts of \$1,999,075 and \$4,030,146, respectively, had been expended in accordance with donor restrictions and have been reclassified to unrestricted net assets.

Temporarily restricted net assets as of June 30, 2018 and 2017 are comprised of the following:

	2018	2017
Church/Campus Planting	\$ -	\$ 73,139
Community Impact Ministries	211,021	224,838
Love Fund	64,675	73,816
Ministry Expansion Fund	197,542	342,850
Residents/Local Missionary	113,988	81,323
Other	62,673	34,386
	\$ 649,899	\$ 830,352

7 - Operating Leases

The Church has a non-cancelable operating lease for certain office equipment. Future minimum rentals under the lease for the year ended June 30, 2019 are \$27,879.

Rent expense for each of the years ended June 30, 2018 and 2017 totaled approximately \$35,000.

8 - Retirement Plan

The Church contributes to a Section 403(b) retirement plan with Envoy Financial for all full-time employees. The contributions for the years ended June 30, 2018 and 2017 were \$41,659 and \$40,571, respectively.

9 - Concentration of Credit Risks

The Church maintains accounts at financial institutions which, at times, may exceed federally insured limits. The Church has not experienced any losses in such accounts, and management does not believe it is exposed to any significant credit risk.
