

Bethlehem Place, Food Pantry in Prosper Texas

Believe it or not, we have hungry families in Prosper and our surrounding communities. Among those trying to make ends meet are hard-working adults and seniors. It is the mission of Bethlehem Place to maintain life, not lifestyle. Helping families eat improves not only the quality of life for those who are being served but unites our community toward one of unity through service. Everyone working for Bethlehem Place is a volunteer. We have no paid positions so every donation goes directly towards Nourishing Our Neighbors.
